

Homeschool Portfolio Checklist

This list is not intended to be sent to the county. This is for use by you, the parent, as you prepare for a portfolio evaluation, and by your Evaluation Station Evaluator as they examine your portfolio. If you, as the parent, have all these elements in your child's portfolio, the evaluation will go smoothly and quickly! For further assistance and clarification, please view the power-point, "*How to Prepare for a Portfolio Evaluation... without losing your mind!*" located on our site at: EvaluationStation.Com
